The nEXt Revolution in RJ45 Connector Design

- Cat5e, Cat6 and Cat6A compliant
- 3 sizes to fit most cables
- 10Gb speed tested

The unique design of the EXO Crimp Frame® together with the patented external load bar of the ezEX-RJ45® connector produces a flush trim every time - so flush they are certified for use in PoE and PoE+ systems.

We're making it easy to step up to the most advanced RJ45 connector we've ever made

The ezEX Starter Kit contains everything you need to start using our newest connector to terminate a complete range of modern cables, all at a very special value.

The Kit Contains:

- EXO Crimp Frame® with EX Die
- 25pcs. ezEX38 Connectors
- 50pcs. ezEX44 Connectors
- 25pcs. ezEX48 Connectors
- 20pcs. ezEX Strain Reliefs

A \$205 value, priced to sell at \$99.99

This kit will be available only for a limited time.
